celebrates PRIDE!

Happy Pride, from Sherbourne Health!

We were proud to start Pride Month in style, [by flying our centre's outdoor Pride banner](#) to celebrate more than 20 years of serving 2SLGBTQ communities year-round. Throughout June, Sherbourne Health was proud to organize programming such as [Supporting Our Youth's Pride Prom](#) on Tuesday, June 20, which invited 2SLGBTQ youth a chance to gather for a night of dancing and fun.

SOY youth also took a starring role in Pride festivities this weekend, as youth performers at Next Stage on Sunday, June 24. All were welcome to attend this free event, which featured youth who were mentored in SOY's FLAME program. Learn more about SOY's programming [on their website](#).

Closing the Gap on 2SLGBTQ Care

In collaboration with the [Canadian Mental Health Association](#), Ontario, Sherbourne Health held a series of conversations with 2SLGBTQ+ communities about mental health services to understand their experiences today, and to gather ideas about how to close the gap in care. We spoke exclusively with 2SLGBTQ+ individuals – both clients of mental health services, and providers of mental health services within the community.

The insights and ideas shared in discussion have informed [the development of recommendation briefs](#) for mental health organizations and health system leaders, with actions to take today to close the gap on care for 2SLGBTQ+ Ontarians, and to support 2SLGBTQ+ providers in caring for their communities.
